

Taiwan Heart Rhythm Society

ECG Knowledge E-sports Competition

1. Introduction

Taiwan Heart Rhythm Society (THRS) cooperate with PaGamO to bring innovative elements to the seminars of the medical community, to improve the level of arrhythmic medicine, and to promote the development of applications, research and teaching, preventive medicine, and international academic exchanges.

PaGamO online learning game system has also moved to the enterprise in the past two years. The major enterprises are using gamified teaching content and systems to get closer with the new generation employees and reverse the internal education and training of the company. Mode, to narrow the friendship and work exchanges between organizations and teams.
